EDMONTON'S NEW CHIEF OF POLICE IN CHARGE TODAY

George Hill, Late of St. James,
Winnipeg, Takes Over
Reins of Power.

**SAYS EDMONTON WILL BE
CLEANEST CANADIAN CITY**
Has Had Many Years of Actual
Service With Best Forces
in England.

"The public can take it from me,
that no stone shall be left unturned to
make this the cleanest city in Canada,
and I'm sure I'll have the commission-
ers and public behind me." This was
the statement made to the Capital this
morning by Edmonton's new chief of
police, George Hill, late of St. James,
Winnipeg.

Mr. Hill arrived in the city this
morning from Winnipeg, and after a
short conference with Commissioner
Booth, he immediately assumed full
charge of the department. The com-
missioner accompanied the new chief
to the police station, where he was
personally introduced by him to the
various officials of the staff. The
morning was spent in a round of in-
quiry, familiarizing himself with the
new surroundings.

Asked if there would be any changes
in the force or heads of departments,
Mr. Hill stated that he was just sitting
things up and couldn't say about any
changes, yet he believed there might
have to be some.

In speaking of the present lack of
accommodation, the chief said that
he fully understood that the commis-
sioners realize the need for and are
already planning a new police station.
At present there is but one cell for
women, whereas in St. James, where
he came from, and which is but a part
of Winnipeg, there are three.

In meeting the reporters this morn-
ing, Mr. Hill spoke of his having had
wide experience with newspaper men
and realizing that they were responsible
for bringing facts concerning the police
department, before the public, he
would at all times speak plainly and
only regarding any matters of public
interest.

CHURCHES BURNED AND RAILWAY TRACK TORN UP IN ITALY

Bologna, Italy, June 15.—Rioters to-
day set fire to the cathedral, the
church of Peace and the church of the
Holy Cross in Bologna and the Ad-
miral, after sprinkling the doors with
petroleum stolen from the stores.
Cavalry arrived in time to prevent
the destruction of the cathedral, but
the interior of the other churches were
looted, only the walls remain standing
of the church of the Holy Cross.

A detachment of 200 sharpshooters
arrived on board a torpedo boat at
Savignola today to assist in preserving
order.
A stretch of 100 yards of railway
track on the line between Modena and
Montecatini was torn up by strikers to-
day and thrown into adjacent fields.
At the same time the telephone poles
near Mirandola were uprooted. Soldiers
were sent out to effect repairs.

Naples, June 15.—The agitation
among the railroad workmen here still
continued today. The object of the
strikers was to secure advances in their
rank, so as to render it more
difficult for the government to inflict
punishment on the men who had quit
work on the station. Sufficient men
remained at their posts, however, to
permit the train service to run almost
usually.

CAPTAIN "BOB" BARTLETT.
who was picked up on the Siberian coast and landed at St. Michael's,
Alaska, after his ship, the Karluk (shown below) had been crushed in
the ice and sunk off Herald Island on January 16, and he had become
separated from his crew, now marooned on Wrangel Island. Below is a
map showing the scenes of the thrilling experiences of Captain Bartlett
and the Karluk's crew.

DAUGHTER AND FATHER BURIED AT SAME TIME

Aged Resident of Edmonton
Dies Thursday, and the
Woman on Saturday.

A long cortege followed the bodies
of Alfred Williams, 71 years old, and
his daughter, Elizabeth Jane, aged 41,
in a double funeral to the cemetery
yesterday afternoon, from the family
residence, 233 Henry street. The de-
ceased formerly lived in Kenora, On-
tario, and had lived in Edmonton a
number of years.

The facts in connection with the
case are particularly sad, as the father
had been suffering for some time from
Bright's disease and died on Thursday,
and the daughter, who was taken ill about
ten days ago with pneumonia and died
Saturday.

Both were very well known in the
east end of the city where they lived,
and a large number were present at the
funeral service which was conducted
by Rev. Smith, of Norwood.

A short service was held at the
grave and those present witnessed a
pathetic scene as father and daughter
were laid side by side in their graves.

Sensational Statements Made By Witnesses in To-day's Proceed-
ings—Lancey Tried to Prevent Block Being Let to Mrs Billy
Morton, But Afterwards Said "Well, Here's Where I Keep My
Nose Out", When Told Joe Clarke Was Her Lawyer—William
Girvin, of Grand View Hotel, Paid Money on Mrs. Morton's
Furniture, and Arranged Preliminaries on Lease.

The plot thickens. The police inquiry grows more sensational in its disclosures every
day.

James Campbell, for seven years connected with the Edmonton police force and for a
long time chief of the morality department, today told of his dismissal by Lancey.

A short time previous to his dismissal he said he heard that bets were being taken
"three to one" in the Douglas club (colored) that he and Carpenter would be fired before
January 15th.

Sometime afterwards a man called him up on the phone whilst he was at the police
station. The voice said: "Is that Campbell?" He replied that it was. The voice asked:
"Is Lancey upstairs?" Witness said he believed Lancey was in his office. The voice re-
plied: "He is to dismiss you in twenty-four hours. Go upstairs you son-of-a—."

A little while afterwards Lancey sent for Campbell, who opened the conversation by
remarking: "I hear I am to be canned." Lancey replied: "The time has come now." Wit-
ness asked what was the reason and gave as the main reason that he "had not used proper
judgment" in certain cases. Lancey refused to state what cases.

Campbell further stated on oath that two members of the force, Lang and Campbell,
who had been arranging to room at his house, were told they would lose their jobs if they
did. Lang told him that he was going to do morality work, and added: "It is not the same
as when you were around there." Seymour had told Lang that he "had got orders that he
had no power to raid houses, but that he was to tell them to move from place to place on
orders."

Mrs. Isabella Carstairs, who was formerly employed for a month in the morality de-
partment, made the startling allegation that William Walker, a member of the force, had
attempted to assault her in bed and that when she complained about it Deputy Chief Wright
had called her a blackmailer and then sent Detective Reddick to offer her \$100 to withdraw
the case "as it would ruin the whole police force." Walker and Reddick gave her fifteen
dollars which she threw back at them. The man was discharged after she had been to see
Commissioner Booth, but was taken back in two weeks.

This witness told of numerous addresses of disorderly houses which she had given to
the police. She said she gave Chief Carpenter the addresses of thirty-eight. "The police
force is rotten from top to bottom," declared the witness, "and there is a policeman there
who drinks regularly," (pointing to the door of the court room.)

William Girvin, of the Grand View hotel, was stated by Mrs. J. Bell to be a friend of
Mrs. "Billy" Morton, who took a year's lease on the block on Kinistino. Mrs. Bell stated that
Girvin first came to see her about renting the place "for a friend." Mrs. Morton paid first
installment on Girvin's check.

This witness also swore, after a good deal of hesitancy and pressing from the counsel,
that Chief Lancey visited her at her house and told her that she must not let the place to
"Billy" Morton, saying: "Good God, we cannot have a place like that running." She said
Mrs. Morton had told her she would consult her solicitor, Joe Clarke. She told Lancey this,
whereupon Lancey said: "Well, here's where I keep my nose out."

Charles Gilt, manager of the Painters' theater, who was not present, but was telephoned for.

Other witnesses called but not pre-
sent were Hector Chevrier and
Kennedy. The former was stated to
be in hospital.

Witnesses present included:
Leonard Lars, of the police depart-
ment.

Billy Mapstone.
Mrs. J. Bell, 544 Namayo.
Mignon Durand.

Ex-Inspector James Campbell.
Nellie Williams.
Maurice Mohr.

W. S. Sherwin.
Jack Sutter.
J. W. Turner (colored).

Startling Statement.
Mrs. Isabella Carstairs, who desired
to give evidence not on subpoena, was
called as first witness.

She told a remarkable story of an
attempted assault on her by a police-
man named Bill Walker. She said
that she had done some detective work
for the police about Christmas time.
She got \$10 for her work. She pointed
out houses on Namayo and Fraser and
Kinistino and all over the city.

About Christmas time Walker came
to her house and asked her to let him
use her house for a few days.

Among the witnesses called for were

Canoe Causes Disaster.

Begonia, June 15.—Thomas E. Thoe-
ker, cashier for the Dominion Ex-
press company in this city, was upset
in a canoe on Wisconsin lake at 10:30
Saturday evening, and drowned. N. A.

the canoe overturned, had a narrow
escape. He sank twice while trying to
remove his coat, but finally struggled
to shallow water. Thackeray has been
in Begonia four years. His parents are

KILLS WIFE AND CHILD AND THEN SLAYS HIMSELF

No Explanation Can Be Given for the Act Which is the More Pitiful From the Fact That a Two-Weeks-Old Infant is Left in the House Totally Unprovided For.

Kewatin, Ont., June 15.—At 9:20 last evening, a Russian, named Frank Meit, murdered his wife and two-year-old child and then committed suicide by drowning himself. The tragedy took place within a stone's throw of the deceased man's home, and was witnessed by two men, who did not realize what was happening until it was too late to take any action to prevent it.

Victor Deagane and Frank Charon were sitting on the steps of the former's home which is situated about fifty yards from the railway station, on the Kewatin Lumbering and Manufacturing company, when they noticed Meit with his wife and small child go past. When they arrived at a small bridge which crosses the river, Meit seized a stick which was lying on the road and struck the child several blows on the head. The mother tried to shield the child, but snatching it away, the father threw the little body out into the water.

Before the spectators to the terrible deed realized what was going on, he had seized his wife, and throwing her over the bridge into the rushing waters below, he leaped in after her. The bodies immediately disappeared beneath the water and, although the alarm was given at once by Deagane and Charon, all efforts at rescue were of no avail.

Immediately the search was instituted with the aid of lanterns, but as the water runs very fast at the point where the tragedy was enacted, efforts at recovery were abandoned until morning.

Meit was employed on the government road which is being built to the Manitoba boundary. No explanation can be given for his act, which is the more pitiful from the fact that a two-weeks-old infant was left in the house and is totally unprovided for. It is at present being taken care of by friends of the parents.

ALBANIAN CAPITAL FIERCELY ATTACKED BY THE INSURGENTS

Durazzo, Albania, June 15.—A strong force of Albanian Muslem insurgents opened an attack on this city at an early hour this morning, maintaining for hours a sharp rifle fire supported by artillery.

Among the first of the defenders of the Albanian capital to be killed was Colonel Thomas, the Dutch officer selected by the powers to command the gendarmerie in succession to the Swedish officers who previously had held the position.

Five jackets from the international front line of the Albanian coast have been sent ashore to guard the foreign legations.

The assault, which started at five o'clock, was carried out by three separate columns of insurgents.

Today's attack by the insurgents came as a complete surprise to the residents of the capital, where official statements had been published declaring that the Muslem rebels against the rule of Prince William had been utterly defeated by the government forces a few days ago. It was asserted that the remainder of the rebel forces was surrounded by government troops at Shkib, between Durazzo and Tirana.

Accounts vary as to the strength of the opposing forces in the field. It is generally estimated, however, that the government has 9,000 trained men who are said to be opposed by about 27,000 insurgents. The rebels for the most part are tribesmen without discipline and they are scattered over a wide range of country.

Durazzo occupies a peninsula point and forms a natural fortress easily defended by a few modern guns. Durazzo, Albania, June 15.—The government troops under the personal leadership of Prince William today repulsed a strong attack on the Albanian capital by Muslem insurgents.

C. P. R. ACCOUNTANT FACES EMBEZZLING CHARGE AT BRISTOL

London, June 15.—Drink, gambling and motor cars were responsible for the appearance of a Canadian Pacific railway accountant at the Bristol police court Saturday, on a charge of embezzling \$10,000. The accused, whose name is Frederick Boulter, admitted the charges and attributed his downfall to liquor, betting and the hiring of motor cars. A remand was ordered.

Troubled With Weak Back and Kidneys For 10 Years.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system.

Mrs. Ed. Boyer, Nokomis, Sask., writes:—I have been troubled with weak back and kidney trouble for nearly a year, and could not sleep at night. In this way I suffered for ten years, until I read about Doan's Kidney Pills. I purchased two boxes, and as they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since.

Doan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto Ont.

WILL BE CHARGED AS BEING WHITE SLAYERS IN CITY

There will be three white slave cases come before Magistrate Masie this week. Phil Nelson, a colored man, is in custody charged with living off the avails of prostitution, and J. J. Bagley and Roscoe Lang, colored, were arrested on information laid by a white girl named Pearl Hopkins. Both are out on bail, the former in the sum of \$100, and the latter in the sum of \$500. It is stated that Pearl Hopkins has been threatened by other colored men if she appears to give evidence in these cases. Chief Detective Kroning is lending every effort to make a thorough cleanup of any cases such as the above that come to his notice.

The morality department of the city police force has also been busy, on Saturday arrested Lindley Werner, Charles Lang, Jessie Lindley and Katie Allen, and yesterday arrested Arthur Stortenberg at the south side park, for indecent exposure and for showing indecent pictures to young girls.

ROLLER COASTER "JOY RIDE" DEATH RIDE FOR TORONTO YOUNG MAN

Toronto, June 15.—James Mooney, 29 years of age, was thrown from a roller coaster into the bay and drowned at Hamilton's Point on Saturday night. Mooney was riding in what is called the "Joy Ride," which consists of a tub which revolves while going down a steep incline. Contrary to the directions of those in charge of the car, he stood up and was thrown out into ten feet of water. His body was recovered fifteen minutes later, but all efforts at resuscitation were unsuccessful. He lived at 11 Close Avenue, Toronto.

OIL IS STRUCK AT WEST VANCOUVER, GOOD INDICATIONS

Vancouver, June 15.—Three and a half barrels of coal oil is the net result of operations that have been taking place for some time in West Vancouver, where it was believed oil existed in large quantities. The first strike was made last night a little distance from the surface and the indications are that there is an immense deposit of oil in the locality. The oil was found on the slope of the hill adjacent to where the Pacific Great Eastern railway has built its depot, the formation of the ground being identical similar to that of the Alberta oil fields. The oil is dark colored and thick.

FAITHFUL WORK IN NINE YEARS MEETS HARSH RECOMPENSE

Political Graft System Seen in Dismissal of Camrose Postmaster.

KEPT OFFICE OPEN ON MEAGRE PAY SINCE 1905

As Soon as Position Becomes Worth Anything Tory Gets the Job.

Camrose, June 15.—One of the worst instances of the operation of the graft system in the administration of the dominion government has just occurred here in the dismissal, without cause or trial, of the experienced postmaster of this town, the expressed purpose of putting a party supporter in the position, of Postmaster Fearce of Camrose, who has been in the office since the month of July, 1905, almost nine years, to be retired. No citizen of Camrose has heard a complaint against Postmaster Fearce. He has been universally popular, always faithful, painstaking, conscientious and thoroughly capable. Although a Liberal in politics, Mr. Fearce has never held an office in a Liberal association in his life. Since his appointment as postmaster nine years ago he has never taken any part in politics, nor even allowed it to know how he voted. Knowing these things, the people of Camrose of both political parties have paid little attention to rumors of his dismissal, believing it impossible for anyone to be responsible for such a thing.

Bolt from the Blue. Like a bolt from the blue, therefore, came the little yellow slip of paper, there were no foibles, no charge, no complaint, no explanation. The notice read: "I am directed to inform you that Mr. R. L. Hueston has been appointed to succeed you in the postmasterhip of Camrose, and that it is your duty to transfer the office to him as soon as the necessary preliminaries can be arranged. You will be informed personally or by letter of the actual date of the transfer."

Mr. Fearce became postmaster nine years ago at a salary for the first year of \$35 with no allowances. He had to supply his own premises, his own light, fuel and help. For the first few years he had barely performed the most faithful service and was induced to hold on, believing that some day the position would be worth while.

Faithful Service Ignored. At the end of 1907 the salary with all allowances included had grown to \$127.

He was compelled by this time to keep a permanent assistant and he also provided his own light, fuel and help, and for himself more than the original \$35 per year. But the John Maynard and with the help of his mother, Mr. Hueston has been appointed to succeed you in the postmasterhip of Camrose, and that it is your duty to transfer the office to him as soon as the necessary preliminaries can be arranged. You will be informed personally or by letter of the actual date of the transfer."

The end of 1911 brought the salary and allowances to \$242, but before this time he was compelled to keep two assistants, which he did at a cost of \$16 per month, or \$192 per year. Rent, light and fuel left even yet a mere pittance for the postmaster. Had it not been that Mr. Fearce owned his own premises and was thus able to supplement his salary with the rent, he would not have been able to live.

It is just in the past year or two that the postmaster has been at a disadvantage. Years of faithful service and sacrifice, however, mean nothing to politicians who have no conception of justice or political decency.

THREE THUGS FIRE MANY SHOTS PRIOR TO RISKY CAPTURE

Regina Police Have Desperate Conflict With Reckless Gunmen.

MEN WERE HANGING AROUND G.T.P. YARDS

Bullets Pierce Walls of House Narrowly Missing Occupants.

Regina, June 15.—After a desperate encounter with three officers of the city police force, during which 30 revolver shots were fired, a gun-man named Harrard was wounded and captured at 5:45 Sunday morning at the corner of Havelock and Ninth. He was first noticed with an accomplice named Charlie looking over the G.T.P. yards by the railway night watchman. When challenged Harrard pulled a 28 calibre automatic revolver and emptied the three chambers before being brought down by the police, and then engaged in a fierce hand-to-hand struggle with his captors. Charlie who had in his possession a 38 Colt, was caught after a long chase, and a third man, believed to be one of the same gang, was subsequently arrested at a Regina boarding house. The shots were fired in the darkness, and probably there would have been a number of fatalities. Two bullets which crashed through the eaves of a house in the vicinity narrowly missed the occupants. A crowd of 400 persons gathered to witness the scene of the battle drawn by the sound of the firing.

Harrard is now in the General Hospital under guard. The men came from Yorkton on Friday and stated that they were working for a horse-man named Jack Matthews at the race meet here. The object of the race was believed to have been burglary.

LATEST FAD: WOULD CLOTHE ALL SCHOOL CHILDREN IN KHAKI

Calgary, June 15.—The dominion commission which is investigating the high cost of living in Canada, entertained most favorably a suggestion from the president of the Calgary Consumers' League that all school children should be clothed in khaki. The league and the girls in denim suits of the same style, color and material. This, the advocates of the scheme believe, will do away with social distinctions, reduce the cost of clothing and result in better health and sturdier school pupils. Parents are to supply the uniforms.

Another Aviation Fatality.

IS WAR BETWEEN GREEKS AND TURKS NOW NEARBY?

Greek Paper "Nestia" Voices Opinion Resort to Arms Must Come.

GREEK PEOPLE WILL NOT ADMIT OF DELAY

Demand That Outrages on Greeks in Turkey Must Stop Immediately

Athens, June 15.—War between Greece and Turkey is inevitable, according to the newspaper "Nestia," which is considered as voicing the majority of Greek public opinion. The government has not as yet received any intimation of the nature of the Sublime Treaty's reply to the Greek note, demanding that Turkey cease its persecution of the Greeks in Turkey and make reparation to them for the loss incurred. It is feared here that in accordance with the usual method of Turkish diplomacy, the Turkish note will contain vague promises and denials and will seek to delay a settlement. But public opinion is strongly opposed to this dilatory tactics, says the "Nestia," and will compel the government to insist that the negotiations cease, or war will follow at once.

It is reported that there have been several encounters between Turks and the Christians in the Asiatic Littoral, and that the Turks are concentrating their arms and ammunition at various points. Several sailing vessels with Greek refugees aboard, it is also reported, have been captured by the Turks.

Speakers Meet Head-on.

Kramer, N.D., June 15.—Gasoline tankers, each carrying 5 persons, the other carrying four, met at high speed in a head-on collision Saturday night at a point between Kramer and Egan, Minn. The severely injured J. N. Wright, section boss of Kramer, both legs broken; H. A. Gordon, depot agent at Deep, N.D., internally injured; H. O. Langsted, of the First National Bank, of Kramer, fractured shoulder. All others were cut and bruised.

to her house and put his hands upon her. She told him to get up and never come back again.

After a while she went out to the house. When she came back, Mr. Tolson visited her and asked her to assault her in bed. She went to the police station and reported the matter to Chief Lancelotti and Deputy Chief Wright.

She went to try and pick out her man in the police force when the men assembled. Wright said, "It is Kelly; it is Kelly; you get him and I will give you \$5."

Later Wright told her that the matter was all settled. Her husband, George, went with her and Wright told her that she would make him prove his love. She then went to see Mr. Clegg, who, however, she afterwards saw Commissioner Booth in regard to the matter.

Tried to Bribe Her

Detective Redick then visited her and asked her to withdraw the case. He said, "If you will run the case and I will give you \$100." Witness replied that there was "nothing doing." Redick said, "It will run the whole case." She replied that she did not care as a bribe had called her a black-bag.

On a later occasion Redick offered her \$5 and Walter \$10. She gave the money back.

Witness was asked to withdraw the case on account of Walker's wife and children. Lancelotti said he would permit it. Lancelotti said it provided she agreed that what she had said was false. She then refused and said she would stand by her story.

LADY DOYLE DONATES INSCRIBED SUITS TO JASPER'S BALL TEAM

Jaeger, June 15.—Lady Arthur Conan Doyle, after having visited the Jasper ball team, expressed the wish to donate a suit to each of the players. The suits, which are of a special uniform, bearing the name "C. D. J." signifying Conan Doyle Jaeger, are being made by the Jasper Trunk factory, to be built in the mountains, and is significant that Sir Arthur and Lady Doyle take considerable interest in the nation's new pleasure ground.

HERNE PAYNE SAYS CANADA AGAIN IS TO BE FULL OF PROGRESS AND PROSPERITY

London, June 15.—At the British Empire Trade meeting today, Herne Payne's speech was read in his absence. Most of the company's capital," he said, "is invested in Canada, but the depreciation in Canadian investments is the result of monetary conditions all over the world, and not to a failure of anticipations held out by Canadian natural resources and industrial advantages. Canadian affairs culminated at the end of last September in a difficult and dangerous financial situation. Since then conditions are slowly and steadily improving. I think this temporary check in progress will prove the very greatest benefit to Canada. Exportation is increasing, the country is being developed throughout the whole country and we may hope that lasting results will have been drawn from the exercise of capital and in the methods of raising it, especially in the postponement of expenditure until the money is actually in hand. No one can say how soon the former vigor will be restored to the country, but we can say with absolute certainty that within a very few years, Canada will once again be full of progress and prosperity."

There is usually a large docket at the police court on Monday morning and this morning was no exception. Some cases held over from last week and other cases picked up yesterday presented a typical array.

The case of William Wheeler was laid over till Saturday. In order that additional witnesses might be secured. Fred Dandyling got drunk and also got demolished. Robert McGregor on a similar charge was given suspended sentence. John Gordon and Robert Mitchell were also drunk and were asked to pay \$2 and costs or spend 16 days more in custody.

George Freeman was a vagrant and as a result will appear on the city farm for one month. Annie Miller and George, two colored women, were read a similar charge, but were remanded till tomorrow; \$50 bail was asked in each case.

Thomas Freeman apparently has no definite line of occupation and will have the next 20 days to consider the full of it and if he cannot find one, he is only 18 but he created a loud disturbance in a fight along with some other fellows and was given a bit of advice by the court. He was previously convicted on a charge of larceny and appropriation of an automobile, and is earning for himself a bad name.

R. M. Martin, charged with the sale of prostitution, Rose Lee was allowed out on \$100 bail, until Friday, when his case will be heard. The police of the community and it cost him \$10 and costs, or in default, 15 days.

WHITE WEALTH THAT THE BRIDE OF JUNE WILL WORSHIP

MANY WOMEN THESE SUMMER DAYS, when they spy the fluff and frill in our singularly dainty and beautiful shows of White, are almost held away with the splendor of our making-ready for the Bride of the Rose Month. Certainly seldom has Miss White been so popular. Charles Lang and Nellie Weaver were inmates of a lovely house at Jasper and Grierison and the lack of evidence failed to convict them.

Frank Kennedy and his wife were caught by detected Barry with an opium habit. Frank was caught in the act of hiding the outfit in a secret hiding place specially made, under a bed foot. It was an expensive luxury for the man, as the magistrate taxed him an even hundred dollars and costs, or in default, to the prison for 10 days. The charges against his wife and George Davidson for a life offense were dismissed.

C. B. Brown lives in the west end and owns an ugly dog, for it bit a boy belonging to a school. As a result, the dog must die, if found. The plaintiff and the defendant are mutually friendly characters and could not get along even in court, and from all accounts Brown had told the school that he thought of him. Mrs. Sylvester and the child appeared in court as witnesses.

William Martin did enough to know better, but he was charged with being a "saw" and with being in company with a colored man, named Robert, had the "goods" on him, but claiming he had a family in the west, he was advised to make haste to them.

Peter Savage appeared on a statutory charge of being a vagrant. He had no evidence, the court decided there was no case and he was dismissed. Messrs. C. S. and Hoffmann were the counsel.

Cooking Lake Notes.

Ideal weather prevailing, week-end rains at this point last week deposited a heavy coating of rain. The water at Cooking Lake began to shake. The water of the city from their feet, forget their laundry work and take a walk in the water-side recreation.

More ample accommodation is now available at the hotel. To look on a day or so to spare for health building, who was unable to get satisfactory accommodation here last year unless with friends. C. Sack, of Edmonton, has purchased property and erected a good building to be used as a hotel, parlor, cafe, and having several well-furnished rooms for hotel purposes. Mr. McMillan, who has old time residence of the north shore has also anticipated the requirements the coming summer by erecting a substantial two-story building for a store and rooming accommodation. In addition to these in progress are several other interesting ventures. Mr. Pfeiffer, of Bremner, has installed a lumber yard well equipped for the requirements of residents. A blacksmith shop and several small business enterprises are in full swing. People are busy forming plans for the beautifying of his inter-ground, basins to be diamond, drilling and arranging conveniences for the summer visitor. A hotel site is already selected and a number of good-sized residences in the course of erection.

A good bath house and better bathing accommodation are the next things to be looked for by those who have an interest in the community.

Several new boats are to be seen on the lake. A new boat named "Lady of the Lake" a 35-foot 24-inch beam launch finished motor launch owned by Mr. T. J. Wilson.

The presence of more row-boats on the lake this year for hiring purposes will make the use of these more reasonable cost to those not having their own.

The C.P.R. railway has been offering much to the person who is inclined to lake-side recreation.

MONTREAL NOTIONS DRESS GOODS UNDERWEAR HOSIERY FANCY GOODS GLOVES LACES RAMSEYS

A MONTREAL WHOLESALE HOUSE IS HERE IN A SENSATIONAL SALE

All Ramsey sales and all other Edmonton sales will be outclassed by this big event. When it came to our notice that the bankrupt stock of the wholesale dry goods house of Brophy, Parsons & Rodden was going to be sold Mr. Ramsey at once went East—and he got the stock. The price he paid was of course very low, and as a result the prices to you will be very low. The Brophy, Parsons & Rodden stock included all sorts of dry goods, notions, laces, gloves, ribbons, underwear, etc.—so many different lines of goods that we decided to hold a general sale and include those few departments also that were not affected by this big purchase. The result is a sale of sweeping proportions, including every department of this big store—also our furniture and wallpaper store on Jasper Ave. The sale starts Tuesday, 8:30 a.m. and will continue until all Brophy, Parsons & Rodden goods will have been sold. Please understand that not everything in the store will be reduced in price, but every department will have something at prices that will astonish people who know values. Come and get your share.

THREE BEARS SHOW GREAT INTELLIGENCE AT EMPIRE THEATRE

Emil Pallenberg, with his three bears, has just come from Berlin to demonstrate to Canadian audiences the high degree of intelligence it is possible to develop these animals. One of the three animals is a huge grey bear (Siberian), another a big black Japanese bear and the third a medium-sized Siberian. The three have been taught to handle roller skates and bicycles in a most proficient way. Their exhibition in fact, reveals that of many of the human performers in this particular line. In the hands of their trainer the animals are like three huge kittens.

Pallenberg and his pets are at the Empire theatre the first half of this week as featured in the last Orpheum bill of the season.

EDWARD HEARN

The story of the week, when they change the bill from "Facing the Music" to "The Thief" tonight.

That a good production will be given in arena assured, for, although the cast is small, the parts are excellently well suited to the players who will essay them. This play has never before been seen at popular prices in the northwest and was secured through special arrangement by Manager Dunmood with the original management. Kyle Bell and Margaret Bling were the original stars of "The Thief" during its phenomenal run in New York.

The story of the week is a thrilling one and carries the spectator through an ascending series of exciting situations to the climax. Richard Vayns and his wife, Marie Loube, are the central figures, and it is around the latter's desire for fiery that much of the interest in the piece is woven.

The husband is financially unable to supply Marie Louise with the pretty things she wants so much, and temptation finally becomes so strong that she steals. Through the discovery of the theft a former lover is accused, but is finally exonerated when the real truth becomes known.

Edward Hearn and Irene Lorton will be the stars of the new production. The important character of M. Zene built will be in the hands of E. C. Edwards, and Harold Holland will complete the cast.

On Tuesday night every lady attending the performance of "The Thief" will be given a souvenir photo of the cast.

On Wednesday and Saturday matinees will be played at the Lyceum.

LIEUTENANT GOVERNOR OCCUPIES CHAIR AT THE Y. W. C. A. MASS MEETING

A very successful mass meeting of the Y. W. C. A. campaign workers was held on the lawn in front of the association's home on third street at 2:30 yesterday afternoon and the genuine enthusiasm displayed by all assured well for the success of the campaign.

After the singing of the opening hymn (Edith's hymn) his Excellency, the Honourable Lieutenant Governor Bulcha, in a few and chosen remarks explained the objects of the meeting, and assured the audience of his hearty cooperation and support in the forthcoming campaign to raise the necessary funds to successfully carry on the work.

Miss Perry, the General Secretary of the association, then explained the immense amount of beneficial work that is being carried on by the association, and the reason why further funds were required at this time.

Mr. Allen, the chairman of the Advisory board gave a lengthy address setting forth in a clear and comprehensive manner what had been accomplished and put forth a strong appeal to those present to use their influence to give their time and energy to the work of the association, and that they be not hampered by lack of funds to carry on this work which means so much to the well being of the whole city.

The speeches were interspersed with musical numbers, including violin and vocal solos which helped in no small manner to make the meeting very pleasant and enjoyable to all the earnest workers present, all of whom appeared to have become imbued with the enthusiasm of the speakers, and confident that a much greater amount than the \$500.00 asked for, would be obtained.

UNUSUALLY HIGH CLASS FILM PRODUCED TODAY AT EMPRESS THEATRE

A picture that contains highly valuable historical elements, delightful scenes, and a strong plot is the special feature of the film that will be exhibited at the Empress theatre for today and tomorrow.

The management started to a representative of the picture, and it is to be seen to much added expense in taking this film to its patrons, but it is a splendid example of the very highest form of movie subjects that it is undoubtedly that the people of Edmonton will appreciate its quality and give to it the patronage that is worthy of it.

To all those who are acquainted with the times of Louis XIII know what a great opportunity it gives to the development of a strong and interesting action and study of character.

No imagination need soar or fancy to get a background of the past. The important character of M. Zene built will be in the hands of E. C. Edwards, and Harold Holland will complete the cast.

ENGLISH POLO TEAM DEFEATS AMERICAN FOUR: SCORE 81-2 TO 3

Meadow Brook Polo Club, Westbury, N. Y., June 15.—Completely demoralized by the speed and team work of the English challengers, the American team went down to defeat here Saturday in the first game of the match for the international polo cup, a score of 81 to 2. After the first flurry in the opening period, the defending four never held the away, being outplayed and outscored by the Hurlingham team. The defeat came as a great surprise to the majority of the spectators who had expected an American victory and made the cup defenders 10 to 7 the game. They were quick to appreciate the brilliant play of the invaders, however, and the stands ran with applause at the clever exhibition of team work and good shooting of the blue-shirted riders from England. The play in general was fast and clean, and aside from a cropper experienced early in the game by Larry Waterbury, was without the suggestion of an accident. The score was the largest run up in recent years by either the United States or English teams in a cup match. Not since the "Big Four" defeated the Hurlingham club 8 to 2 in the final game of the 1909 series, when the cup was developed, have Saturday's figures been exceeded. The game also revealed the quickest goal ever made in international cup play, when Captain Cheape scored within ten seconds after the throw-in at the beginning of the fourth period.

BERGER HELD ESKIMOS TO THREE HITS AND WON HIS GAME 4 TO 1

The evening contest was also some game, but the visitors had all the best of it and won by the score 4 to 1. To Fischer Berger must go most of the credit for the victory, for he pitched a great game and allowed the Eskimos but three hits and struck out eight. There was lots of "stuff" on the ball he handled and he was in command of the game from the first. On the other hand the Red Sox had their best ball game and got the best of the new arrival southpaw from the coast for eleven hits.

Lemieux and Cowley, who were just back in Friday and hardly the effects of his long train travel off him, and was found rather freely. The Eskimos only run came in the third, when Cowley singled behind second and scored on Lemieux's two bagger along the right line to the fence.

Red Sox Tally Four.—It didn't take the Sox that long to get started, however, and in the third three hits counted them one run and three more hits in the fifth got them two more. Another in the eighth made their total of four, and sure that was enough to beat the Eskimos, the way Berger was working.

Throw the Ball Around.—Manager Nordyke broke into the error column for the first time for many a moon when he let go O'Brien's peg to the base to catch Wildie, the runner going to second on the miff. O'Brien also was credited with leaving the ball high to the sack, trying to catch the same batter in the fifth inning.

Sox Begin Scoring.—Singles by Wildie, Berger and Henry gave the visitors their first run in the third. Smith also was called safe a hit, when he hit to the base, but he looked out a mile on the throw, but went said not. And two in the fifth, when Wildie was safe on O'Brien's high peg to first and Berger singled to right. Their last run was gathered in the eighth, when they managed to get the bases full. Wildie singled to O'Brien, and went to second on Nordyke's error. Smith hit over third, and

NEW WESTMINSTER AND VANCOUVERS TIED FOR HONORS

Victoria, June 15.—New Westminster and Vancouver tied for H.C.I.A. honors in the latest professional lacrosse circles on the coast, a somewhat mediocre display by the champions here on Saturday evening. Vancouver to win, eight to seven. Until within a few minutes of closing time, the Royals did not make much of a showing; then they came with a rush and grabbed three goals in a row. Only 1,500 attended the game. The exhibition which was intended to test the popularity of the professional game here, with a view to transferring the Westminster team to this city did not come up to expectations and while the spectators became enthusiastic enough over every brilliant effort, they did not have the voice their disapproval of the slowness of action which was very marked at times.

V.A.C. DEFEAT WESTMINSTER IN OVERTIME 5 TO 4

Vancouver, June 15.—In the most evenly contested lacrosse game seen this season on the coast, V. A. C. defeated New Westminster, five goals to four, in overtime. The score is an almost exact reflection of the play. It was anybody's game in the overtime, but the V.A.C. players were the better. In the overtime, the V.A.C. players were the better. In the overtime, the V.A.C. players were the better. In the overtime, the V.A.C. players were the better.

NORTH EDMONTON WINS AT CRICKET

The North Edmonton and Columbian cricketers had a very interesting game played at City Park on Saturday. North Edmonton winning by 68 runs in a single inning match. North Edmonton batted first compiling a total of 129 runs of which number Williams contributed 45. His innings was one of the best he has given in league cricket, his hits to leg being brilliant. Merrett also played good cricket and scored 25.

The Columbians started their inning with Coburn and Neate, but the partnership was a short one, the latter being run out when attempting to steal a short run. Coburn was the only batsman to reach double figures, the others making very little resistance to the bowling of Murdoch and Merrett. TECUMSEHS BEAT QUEBEC 8 TO 4

Toronto, June 15.—Bone-headed luck contributed to the victory of the Tecumsehs over Quebec at the latter club's home ground. When Querrle's Braves doubled the score on the new D. L. U. team from the ancient capital. At half time the Indians had a lead of four goals. Quebec having failed to score. When the second half began, the score was Tecumsehs 4, Quebec 4. Beyond the brilliant work by Thorpey, Tecumsehs' new goal, there was nothing particularly spectacular at the game. Thorpey made some wonderful saves and his level head brought him unstinted applause. On the Quebec side, John White was as useful as ever, his discriminating play materially helping to back up many threatened attacks. Roberts was the most conspicuous man on Quebec attacking line.

MONTREAL AND ROSEDALES PLAY CLEAN GAME 12-6

Toronto, June 15.—On Saturday at the Rosedale grounds the opening game of N.L.U. between Rosedale and Montreal A.A.A. was won by the former, 12 to 6, and players on both teams demonstrated that lacrosse could be played without any rough work being indulged in. There was not a penalty imposed during the game and at its close the fans witnessed the strange spectacle in lacrosse of the two teams cheering each other. The management of the Rosedale trotted all the players advertised, including Billy Fitzgerald, the greatest home player, and Eddie Powers, Jordan, Rosedale's only spare non-replaced the latter in the last quarter. The Montreals showed much strength both in defence and on the forward line. Their home game a clever exhibition of short, snappy passing and Holmes in goal was given some hard work to do. Fitzgerald showed his old time form, outfooted his check and took the pass while going at top speed. Kalla also played in his old time form.

QUAKERS SWAMP THE BRONKS IN TWO GAMES, WIN 4-1 AND 8-0

Calgary, June 15.—Saturday made a clean sweep on the series by winning both ends of Saturday's double-header from the Bronks. In the afternoon run stopped the game after five innings had been played, but this was sufficient time for the Quakers to score four runs against the Bronks one. The local management raised the suspension on Walter Prink and he pitched the afternoon game, but Sammy Beers was too much for the Bronks.

In the evening the Quakers won, 8 to 0. Specch was knocked out of the box in the second inning, the visitors scoring four runs at that time. In the latter part of the game, scoring one run in the eighth and two more in the ninth. The Quakers were victorious in both games.

ESKIMOS TAKE AFTERNOON GAME FROM RED SOX BY 2 TO 1 SCORE

The Eskimos broke even in their double header with Regina Red Sox Saturday, winning the afternoon contest, 2 to 1, and losing the evening affair, 4 to 1, and they still hold the cellar position in the league standings. The team has had added to it two new players since Friday, both of whom look good and the Eskimos should make a fresh start this week.

Chapman Looked Good.—In the afternoon game the Eskimos started early and grabbed two in the first inning, and from then on, played steady ball and were never headed. Chapman, the big right hander, from the Northwestern league was the official finger for the locals and worked a very nice game, held, considering it was his first for nearly two weeks. His victory was well earned and he was never in danger.

And the Eskimos gave him grand support in the field and on the bases. Cowley, the collegian second baseman, scooped up nearly everything in sight, and made a big move with the ball. He also gathered a nice hit. The Eskimos outpitched the visitors seven to three and each team stacked up to three and each team stacked up to three and each team stacked up to three.

MOOSEJAW AND MEDICINE HAT BREAK EVEN IN DOUBLE-HEADER

MOOSEJAW, June 15.—An even break was the result of the double bill between the Millers and Manufacturers here on Saturday, the locals walking away with the first struggle by a score of 12 to 1, while the visitors eked the evening battle, 5 to 3 in seven innings.

The first game was a slug fest on the part of the Moose Jaw batters, all connecting for one or more hits, with the exception of Augustus. Seventeen two base hits resulted in 12 scores. Jarrait had the haters at his mercy, holding them for three stretch hits. With a little help, support he would have had a no-hit, no-run game to his credit. He should have had a short rest for an effort by O'Day which allowed Brown to score from second. Hillman was the victim of an unfortunate accident in fouling and twisting his neck when he fouled for Wally's hit which went for a homer. After a couple of min-

utes he continued, apparently none the wiser for his experience. The second game was a Martin come back after having been knocked out in the afternoon, and defeat the locals. Connon was rather wild and not very effective, great support being run out on several holes. After the visitors had gone ahead 8-2 in the sixth, Wood substituted Kurfuss and Wally for Connon and Perkins, but it did no good. Two games will be played today.

Score:
Moose Jaw 008 30 10-12 17 1
Regina 000 010 00-5 11 1
Jarrait and Wally; Martin, Dunn and Barth.
Second game:
Moose Jaw 002 000 0-2 4 0
Medicine Hat 000 003 2-5 9 2
Connon and Perkins; Kurfuss and Wally; Martin and Mills.
Double Header Today.
The Eskimos and Red Sox will play two games today, the first at 3 and the second at 6:30 p.m. Outfielder Crum from the Northwestern league will play in both games, and there is a possibility of Foot Rueli being back in the game.
